I am a student pursuing a degree in Computer Science with a strong background in machine learning and deep learning. Worked on multiple research projects involving image processing, computer vision, and optimising existing models. Eager to learn more about the field from an application perspective and contribute to innovative solutions. Proficient in Python, C/C++, and JavaScript.

PROFESSIONAL EXPERIENCE

Student Research Intern

Space Applications Centre, ISRO
May 2023 - July 2023

Working on precipitation nowcasting.
Research and build deep learning models which use satellite images to predict cloud cover over the Indian subcontinent.

IT/IM Intern

SNEHA
May 2022 - July 2022

Audited the network for the NGO across its various offices in Mumbai.
Created the network diagram for the same.

Technical Intern

Analyse India
June 2022 - August 2022

Worked at a small technical analysis firm.
Helped with automation using Python and Google Apps Script; created data visualisations for the same.

Content Writer

Sportskeeda
August 2023 - November 2023

Wrote articles about golf.

EDUCATION

Bachelor's in Computer Science

FLAME University
Pune

Expected to graduate in 2025

- Pursuing the degree with *Honors*, with my current *CGPA being 8.93/10*
- *President of DotSlash FLAME*, technology club of the university in 2023-24.
- Part of the *technology team of TEDx FlameUniversity* in 2022-23.

SKILLS & PROFICIENCIES

- Python, C/C++, JavaScript
- Communication, Leadership, Teamwork, Problem-solving
- Machine Learning and Software Development

LANGUAGES

- English
- Hindi
- Gujarati
